

# FINEST MOMENT Welcomepackage

*\*\*welcome package updated for 2017 season, please contact us for 2016 pricing. "*

We are a Vancouver based film production company that provides an unique approach to engagement sessions and wedding film. We strive to create the most memorable films that capture the special moments of your love stories.

*It is our passion to tell the world about your most cherished memories.*

## SERVICES

### Highlight Film & Feature Film

Depends on the hours booked, we will be providing a highlight film( 3-5 minutes) or or Feature Film (6 ~ 8 minutes). Those films are highly polished and we'll arrange the moments with our story telling style.

### Ceremony & Speeches Essentials

It is an edit that covers the full length of the ceremony and the reception speeches. During the ceremony, we have two camera angles each pointing to the groom and bride. In addition to the two angles, we also have a third camera that captures the reactions of the parents' and the guests. This edit also covers the full length of the speeches during the reception with the 2nd angle that covers the reaction of the listeners.

### Documentary Edit

This is an add on to the "essentials" where we will include all the footages of the wedding day.

### Same Day Edit

We understand that some wedding guests can not make it to the ceremony or participate the whole wedding process. "Same Day Edit" is a highlight (3-5 mins) that includes the morning preparation, first look, letter exchange, ceremony & photo shoot session.

### Wedding page & Instagram Wall

We want to create a place where the couples can easily come back to view all the memories again. It is why we're providing this customized page that can include pre-wedding photos & videos, Instagram greetings with a selected hash tag, feature film, and much more. You can view the examples here.
